### **Allowance**

1. Examiner has reviewed and considered Applicants comments as indicated on pages 7 – 10 of Applicant's response dated 01/12/2006 and per Applicant's comments, regarding claims 1 – 22 claims are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance. The prior art of record does not teach or fairly suggest at least:

An apparatus comprising visual display means, processing means, storage means and memory means configured to store program instructions for describing objects by means of, " object class definition files and object class description files, said objects to be shared over a network by a plurality of network connected terminals, and for the compiling of said files by a definition language compiler within an instructions set executable by said network connected terminals... said processing means is configured by said executable instructions set to manage the duplication of said described objects", as best illustrated by Figure 6 and in such a manner as recited in independent claims 1, 11 and 21.

Therefore, claims 1 – 22 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
